

Worksheet 6: Funerals

Ellie, Ben and Alex all chose to go to their mum's funeral.

The family talked about what would happen on the day. None of them had been to a funeral before, so they were told what to expect.

The coffin was driven to the service in a hearse.

At the funeral, Ellie and Ben sat with family members. Alex sat just behind them with her friend. They all watched and listened during the service as everyone was talking about their mum.

After the funeral service, there was a wake, which Ellie called a party. This gave everyone a chance to get together and talk about their memories of Mummy.

The funeral was a chance for everyone to say goodbye.

Can you describe what happened when you went to a funeral?
